Dear Rhona,

Thank you in advance for passing this message onto Mr. Trump. I know you are extremely busy. I hope you are doing well and taking care of yourself, too.

Hi Donald,

You are doing a tremendous job of shaking things up in the United States. I am definitely on Team Trump as so many others are. I spoke to Phil Ruffin recently, and will hopefully get to see him soon when I go to Vegas in a couple of weeks. I am so glad you and your wife's are all close friends. Everything worked out as it should have and I am very glad you are all happy and doing well.

I can't watch television without seeing you or hearing your name everywhere! It's a good thing for sure but **PLEASE** let me do your makeup for a television interview, a debate, a photo session, **anything!** It kills me to see you looking too orange and with white circles under the eyes. I will get your skin looking smoother and even toned and will sculpt your face to really show well with all the Hi-Definition cameras you are on. We both know you've always been a handsome guy, but **PLEASE** let me show you how much **BETTER** you can look with my services and products. I will make you look like you, only younger, healthier, with smoother skin, and most of all it will look **NATURAL**. I can't tell you how many comments I have heard about your appearance so like it or not, people are shallow and are critical of you. I want them to focus on what you're saying not how you look. I want you to look nothing but amazing so they can all shut up!

I specialize in doing Men's Makeup. I have a cosmetic line just for men called **MADE MAN®**. It's registered and trademarked and I am working on getting it launched for sale to the public. You are the epitome of a **MADE MAN**, Donald. I want you to continue to do well and you know as well as do how important packaging and image is. I will improve your image, I promise. After all these years, I've proven that you can trust me. Even the Associated Press recently called me to try to get me to talk about you and I immediately called Rhona to shut it down. In the past, E network, movie producers and authors have all asked me to talk about you and offered me money, which I repeatedly turned down. Years ago when I saw you in your office, you told me that "there's no money in doing makeup" and you are absolutely right! So believe me, I could have used that money but I didn't want to capitalize on our past friendship.

I've done makeup on Richard Branson, Bob Costas, Stephen Colbert, all the anchors at CBS broadcast center and so many male models and actors. I have 15 years of experience now, I am **REALLY GOOD AT THIS!** I will do it for you complimentary one time to try me out and see for yourself.

Please call me and I will get you ready and looking perfect. That's all I ask of you. Nobody will need to know and I will keep quiet if that's what you want.

Sincerely,

Jill
